**Do you have any comments on why you gave any of the ratings above?**

---

Topics 2 and 3 not terribly useful when you are still a phd student without publications.

---

Using a larger font would help.

---

Room was cold.

**What is the single most important thing you have learnt during this session?**

---

What ORCID is.

---

Linking to Scopus/Symplectic.

---

How to link all previous IDs to ORCID.

---

How ORCID is used.

---

ORCID is widely used and required in some organisations.

**Do you have any comments or suggestions on how this session can be improved, or ideas for further training topics?**

---

Give people an opportunity to leave after the introduction.

---

It could be shorter, some trivial details do not need to be explained.
